7:00 Community Announcements / Show and Tell

Elizabeth said the Grout meeting will be rescheduled soon.

NET training in March over the course of 3 weekends.

7:04 We have a new neighborhood officer but he cannot make it because of the protests.

7:05 The Greater Brooklyn Business Association meets Feb 3rd 8-9 at Teutonic Wine (20th & Powell) for any interested business owners.

Rachel and Yashar attended a meeting at SEUplift about the truck traffic on 26th Ave. The problem is this: Brooklyn RR is in a residential area. The trucks servicing rail yard only have residential streets available to use. They are also using roads that are not designated as truck roads. Can we ask Union Pacific to train/educate folks to use 22nd rather than 26th. Reconnect the cul-de-sac to Holgate on 24th is another idea. As a community, we need to give UP motivation to alter their current behavior. We need to take some traffic counts and give alternative routes. We will publish the map and a detail of the issues on our website. Rachel is going to go into the Fred Meyer office to speak with them about employee traffic.
